**Manufacturers**

Frank Martin founded Martin's Irrigation Supply in 1976 with one goal: to deliver quality products and superior customer service to commercial and residential customers on the Monterey Peninsula. Three generations later we are still delivering on that goal.

As a distributor for all major manufacturers in the irrigation industry we specialize in:

- ✔ Drip irrigation and sprinklers
- ✔ Low-volume water systems
- ✔ Drainage supplies
- ✔ Low-voltage outdoor lighting
- ✔ Erosion control

*"Great things are created with quality service."*

Visit us, fax or call in your order. Rush orders are our specialty!

**Martin's Irrigation 420 Olympia Ave., Seaside, CA**
